The tenth anniversary of the Battle of Vimy Ridge was made the occasion of the largest social undertaking attempted by the Strathmore Branch. Over one hundred attended the function, which included a dinner, concert, and dance.

After the company was forced into marches in the regular regimental manner, the company silent took and the toast to His Majesty drunk, the well directed grand push was made; nothing was omitted to achieve the final objective. The barrage was heavy and telling, for the speakers were the red tabbed experts in the subject of the action desired, and captured the hearts of the audience.

Comrade S. H. Cropper never spoke better. When he proposed the toast to "The Legion," Comrade A. Wakelyn, "Provincial Secretary," responding, made clear to all the aims and objects of the organization, gave instances of what was being accomplished, and made a stirring appeal for all who had been sworn to co-operate in joining the Legion. Some can recall that

Barrie replying to the toast to the "British Empire". They are known how to handle their subjects. It must be the married life that makes these guys able to get so much out of their chests.

After that G. H. Patrick simply had to sing; need it be mentioned that his song burst forth like a war shell?

Mrs. Ridley, President of the Guild, received the guests with Mrs. Smith.

Tea was served from a prettily appointed table, at which Mrs. H. S. B. Chamberlain poured tea. Mrs. Joe. French and Mrs. O. Wright assisting in serving the guests.

Mrs. J. French then, in a very clever

To Comrade G. K. Kearns fell the honor of making the toast "The Imperial Forces," to which he did full justice. In replying, H. needs no more introduction. He was the first to make A. D. Shrimpton put it over. That past actor of the air always gave a bull's eye, but that's just the reason why he is mayor. His patriotic sentiments drew Comrade J. A. French from his dog-up with "Boys of the old regime," and the speaker, sung by all, endangered the building. That wiley one Comrade Little Speech, spoke in high praise of the steem, which the members of the church had been so kind to give. He felt he had to leave after he took a solemn with them, and voiced the hope that she, with her husband, might yet return to Strathmore.

Mrs. Smith responded very gracefully. A box containing various articles was sent to the ladies on their long journey. Will be presented by the ladies to Rev. and Mrs. Smith.

zations. Healthy conditions were reported from the Stewards by Secretary W. D. Fisher, there being a small balance after taking care of current expenses, which this year had included the wiring of the Church and Manse, and a new insurance policy for three years on the church. Mr. Lydiatt reporting as Envelope Steward, showed that despite heavy losses by removal during the year, the weekly receipts by envelope had mounted, and with an increase all round would take care of all needs for next year. He hoped

subscribers would be able to make the necessary increase. Mrs. Lydiatt and Miss Cope reported for the Ladies Aid, which had had a successful year, taking care of large contributions for the well at the manse, and for the lighting of the church and house.

The Church School report was given by the pastor, showing an enrolment of 109 pupils and 9 teachers and officers, with Through-the-Week Training Groups in Junior Boys and Girls, Intermediate Boys, and Senior Y.P.S. divisions. The report of the Session by Mr. Garrett showed that 9 members had been added during the year, 6 by profession of faith. Two members had been removed by letter: one had died.

On motion, the cordial thanks of the

congregation were given to the retiring officers, and to the Ladies Aid for their fine record of service throughout another year.

Elections resulted as follows: Session for 1927, Messrs M. B. Garrett, John Taylor, J. H. Miner and T. Gatenby. Stewards: Messrs Thos. Glendinning, T. B. Harries, C. A. Lydiatt, H. McGregor, R. W. Maich, and Mrs. L. M. Dewitt. And these, together with the Superintendent of the Church School, the leader of the Choir, the President of the Ladies Aid and all leaders of Organized Groups in Religious Education, comprise the Strathmore delegation to the Official Board of the Charge.

THE LILAC TEA
The Lilac Tea held by the Ladies Aid of the United Church last Saturday, was a most gratifying success. In the early afternoon the weather

The tea was convened by Mrs. E. Whiteside, assisted by Mrs. Geo. H. Jones, and to their efforts is largely due the success which resulted in almost \$60 being taken in to the war.

The young ladies who assisted in serving the guests were Misses Sanford, Patterson, McGinnis and Gray. At a prettily decorated candy booth Miss Bertha Grey and Miss L. Bower

The fancy work table was in charge of Miss Cope.

Mrs. W. D. Fisher and Mrs. A. A. Moore looked after the home-cooking table, where the generous supplies of delicious cakes, pies, etc., proved once again that Strathmore ladies are excellent cooks.

In 1876, Canada's population was 3,372,090. Figuring natural increase and immigration since that time, we should have in this year of the Diamond Jubilee three million people. Canada instead of eight million, eight hundred thousand. We have barely maintained the status quo, although the figures for 1926 released by the Hon. Robert Forke are more hopeful—125,984, an increase of 60 per cent over the previous years. The Canadian people are not without colonization. We cannot bring people to Canada unless we are willing to take care of them as settlers on the farm or as farm laborers. Colonization does not consist of replacing a half-breed Indian with a half-baked European nor in taking care of a man who arrives with \$5,000 or \$10,000. Any colonization policy must take care of the man with \$500

Needs in Broad Policy. You must take care of immigration when it moves in waves; you cannot turn it on or off at will like a faucet. Immigration is a broad policy. Immigration policy requires a lot of detail, worry, and costs much money. The Canadian Pacific has done its share towards colonizing Canada, also towards the colonization of the Canadian Colonization Association.

The early history of the Canadian Colonization Association consisted largely of land and business practices. The underlying principle was something, namely—to coordinate the various governmental, railway and private organizations for colonizing vacant lands. The Canadian Colonization Association was founded in 1920, and it began operating in the spring of 1921, promoted by private subscription of public spirited business men. Many of them were also members of the Dominion Mortgage and Investment Association.

During 1923 it was financed by the Immigration Department of the Do-

partment withdrew, and during 1921 it was operated jointly by the Canadian Pacific and the Canadian National. The Canadian National with-

drew in 1924, and since January 1, 1925, the Canada Colonization Association is maintained as a subsidiary of the Department of Colonization and Development, Canadian Pacific Railway, for the purpose of settling immigrants from the United States and Europe on improved and partially improved farms. During the past year, 1956, 734 families were settled on 168,094 acres. During the present year up to March 26, 344 families have been settled on 32,353 acres. This makes a total of 1,795 families settled

on 436,229 acres, comprising 8,983 souls since the fall of 1924; 45 percent of this settlement is Manitoba, 30 percent in Saskatchewan, and 25 percent in Alberta. Various nationalities are represented the large percentage

Eliminate the Speculator
These people were placed on lands which constituted the so-called "frozen assets" of various land holders and (finance) corporations in the West. Some of the land owners were part of

the class of the so-called speculators, and did not believe that Benjamin Franklin was right when he said in his Poor Richard's Almanac "He who by the plow will thrive, must either hold the plow or drive." Other land

owners are the Canadian farmers whose boys and girls have left the farm to take up other professions. In fact, the owners of these lands had all been sitting on the "mourners' bench" for many years.

We divided the settlers into three classes—those with sufficient money to look after themselves, who were in

the minority; those having between \$500 and \$1,200; and those arriving without any money.

High Rate of Success
The success of the settlers at present is as follows: In Manitoba 95 per cent.; in Saskatchewan out of 104,871 acres colonized, one quarter section has reverted to us, and in Alberta, 72,943 acres are all colonized. The Mennonite settlers have shown the

highest percentage of success. The reason for this unusually high rate of success is:

1. The supervision of the settlers by the various immigration boards, co-operating with the Canada Colonization Association—the Mennonite Board, the Lutheran Immigration Board, the Catholic Board, the Baptist Board and other organizations,
2. The fact that the association ac-

3. The fact that the settlers are willing to reduce their wants until they have some equity in the land.

Filling up Present Areas
What of the future? The work of the Dominion Immigration Commission, by far the largest in Western Canada, is really insignificant as compared with the work that should be done. As C. M. Bowman, chairman of the board of the Mutual Life Assurance Company of Canada, points out, the farming population in Western Canada should be increased 30 per cent without bringing additional land under cultivation. It is not likely that the United States will furnish sufficient immigrants to the British Columbia side of the 3,000 Family Scheme administered by the Dominion Immigration Department.

The Canada Colonization Association has settlement opportunities available for \$86 families on 235,644 acres. Meetings were held and surveys made in all three provinces to increase this.

One of the immigration boards co-operating with us has asked us to settle a certain number of families in the Maritime Provinces under our settlement scheme, but we will, for the present, restrict our operations to the four western provinces.

Suggests Three Plans

Three proposals will have to be adopted before any large number of families without means or with limited means can be settled. First, the coordination and co-operation of the various national agencies dealing with land settlement. I could only propose to the minister of immigration that he take under advisement, calling a meeting of the various interested parties to discuss such co-

ordination. Secondly, co-operation and co-ordination with the various real estate men in Western Canada, according to a plan proposed by the Real Estate Exchange of Winnipeg. Thirdly, the organization of a subsidiary financial corporation which can assist incoming settlers financially. Such a

But whether any of these three recommendations are adopted or not

the Canadian Pacific Railway through the medium of the Canada Colonization Association will continue along the lines followed during the last two years, settling as many people as we can safely settle each year until the "frozen assets" in Western Canada are liquidated and until the land in Western Canada close to existing railway lines which is at present unproductive, has given homes to industrious immigrants from across the seas, so that Western Canada may become in reality "The Granary of the British Empire."

CALGARY HIGHWAY IS MENACE TO LIFE AND BUSINESS

The Farmer Government has had an organized plan of highway development which, under the direction of the Hon. Alex Ross, made considerable progress throughout the province.

The Calgary-Medicine Hat road is one in which a very large number of residents of the Bow Valley are particularly interested, because it is the road which they most use.

A portion of this particular highway happens to pass through Strathmore at the outskirts of the town.

The Hon. Alex Ross, in making his plans, became obsessed with the idea that not a dollar of provincial money would be expended on any highway within the limits of any town.

Mr. Ross, having reached a decision, it was just as easy to change his view as it would be to find Holy Water in an Orange Lodge Room.

The impossible was the objective in sight when Councillor Schmitz, with the assistance of J. C. Buckley, M.L.A., talked with Mr. Ross last year, and through the diplomacy of the Legislative member, ably assisted by the worthy councillor, they succeeded in securing the least of the substantial number of public works, and obtained a partial concession, and had a portion of the highway now built by the government contractors, but the worst and equal was "a flat tire" with the result that that portion of the road has since then had to be worse, until today it is an absolute menace to the life of every person who is forced to use that part of it.

In addition to being dangerous, it is costing every automobile owner that uses it, an unknown amount of damage to their cars, and also to every man who is conducting business in Strathmore.

People hesitate to come and trade in a town where such a handicap is so forcibly presented, with the result that its business is lost forever.

The Standard is in possession of the policy that the Hon. Mr. McPherson has decided upon (if he has made a decision), but would suggest that it would be good business if the Council, the Board of Trade, the U.F.A., the Reeve and Councillors of the City of Calgary, the M.L.A.s, the Bow Valley and Kootenai, either separately or collectively, could induce the Hon. Mr. McPherson to visit this section of the road, and then, by any means possible that might be conceived, that would be within the law, he should be induced to make one or more trips over this famous, or rather infamous section.

If the matter could be arranged that he be interviewed immediately after making the aforementioned trip, the chances of being able to receive a sufficient amount to put this road in reasonable condition (from the million dollars that has been arranged would be very materially increased.

The securing of the legitimate trade of this district is almost prohibited by the disgraceful condition of this portion of the highway.

The securing of this concession from the government is in no sense a political one. In fact, the average citizen, after comparing one single trip is very likely to be unable to tell his closest associates whether he is a (pro-temperance Liberal, or U.F.A. supporter, in fact, it is more clearly in line to become a most ardent Bolshevist, with the only objective in life to eliminate all governments, with particular stress that "a terrible example" be made of all Ministers of Public Works. Something must be done. Petition, Plead, and Threaten. If necessary, but usually the old slogan that you may obtain more honey with a pound of sugar than you can with a barrel of vinegar, might help in this case.

DO IT NOW.

Mr. Buckley, this district requires your help, your advice, your influence, and needs quick action. Mr. Buckley, it is your move.

STRATHMORE ELKS NOW POSSESS BRASS BAND

The arrangements for the Strathmore Brass Band joining the Elks Lodge, have been completed, and in future that organization will be controlled by the local lodge, and known as the Elks Band.

The Strathmore Band has struggled along for years, under most trying conditions, and it is quite certain that it had not been for the energy and enthusiasm of William Saunders, the capable leader, that the band would have been a memory.

The arrangement now made must necessarily be satisfactory for the members of the band.

The Elks organization, in the main, is made up of young active men, and from the ranks several excellent musicians no doubt will be developed, and thus will the Elks be sustaining their well-earned reputation of always being among those present when any community work is to be done.

The Standard hopes at a later date to see the Bugle Band added, which would be a real addition to the band, a splendid school in which to begin the development of the members to be a real attraction at any parade, and a further objective in community work in giving the lads of teen age an interest in such work.

FLOWER AND VEGETABLE GARDENS SOON POSSIBLE

The garden enthusiasts were busy last week studying the seed catalogues and studying the garden tools on display in the hardware stores, and we were quite certain that in a few days that they would once more be on the land.

The cold winter night's dreams were about to be realized.

The sudden change on Saturday shattered all the visions, but the hope in every gardener is forever strong, and he or she feel quite confident that the happy days can only be postponed a few days.

The satisfaction in cultivating a flower garden and vegetable garden is certainly worth while, even should the monetary returns fail to reach the highest point of the optimistic amateur gardener.

Many people think they have too much to do to make use of their spare time in this direction.

The community gardening proposition has been quite a success in a number of towns and cities.

The pride of home may be relied upon mostly to secure real results. If a few neighbors on a street get working together and get results, it soon spreads to other streets and districts, and within a short period a year or

REMEMBER THAT
APRIL 17th IS
EASTER SUNDAY

Sunday, April 17th, is Easter Sunday, and it is hailed with great acclaim in all the Christian Churches of the world.

The way by which Easter is determined is that of the first Sunday after the paschal full moon; and if the full moon happens on a Sunday, then Easter day is the first Sunday following.

As usual, Strathmore churches will observe Easter with special musical services. It is an event that the children and the grown-ups have learned to look forward to with much pleasurable anticipation; it is an event, all should remember with some beautiful thought for the day.

IMPROVED WOOL FOR WOOL EXPECTED

Although wool production is increasing in almost every country, and particularly in the continent, in Europe and Australia, leading experts in the United States look for an improved market this year. According to Mr. Albert H. Elliott, vice-president of the Boston Wool Trade Association—and London is the second wool trade centre of the world—it would appear that the cycle of low prices has been completed and values are about to improve. He points out that the immense stocks which accumulated some time ago have been disposed of, and that there is a healthier tone in the great consuming markets of Britain and Continental Europe. "The evidence is that the wool using population of the world," he concludes, "is growing a little faster than any possible increase that can come in wool production."

The world's total production of wool in 1926 amounted to over three billion pounds, and showed an increase of three per cent. over the year previous. Particularly heavy increases were reported in Australia, New Zealand, United States, and Spain. South Africa was the only important sheep country to register a decline.

ASSESSED VALUE OF LANDS

The total assessed value of all lands
in Alberta for the purposes of the sur-
vey, revenue, revenue tax collected by
the Government, was five hundred and
fifty millions of dollars in 1926, states
the report of the Department of Min-
eral Affairs. Of this amount, the as-
sessed value of property in the
cities was seventy-seven millions,

eight hundred thousand dollars; in the
towns it was ten million, one hundred
and sixty-one thousand dollars; and in
the villages it was four millions, eight
hundred and fifty-nine thousand dol-
lars. The assessment of rural lands
totalled \$417,248,000. The report
states that the finances of the rural
municipalities have been greatly im-
proved in the past year.

"Boss," said the dork, "I'd like

"What for?" inquired his employer.
"Got to go to funeral."
"Who's funeral is it?"
"My uncle's."
"When did your uncle die?"
"Lard, boss, he ain't died yet!"
"Then how do you know his funeral
is going to take place on Friday?"
"Cause dey's wife hang him on

the attraction will be Norma Tamme
in "Kiki Kiki." Norma, in the title
role, appears in a new light, that of
a Comedienne. For Easter
Monday and Tuesday, April 17th,
Gilda Gray in "Alma of the South
Sea," who has been famous for her
dancing, had made a wonderful hit
in this play, and many predict that she
soon will be as popular with the film
fans as Mary Pickford.

A regular meeting of the Women's
Institute will be held at 2 p.m. in the
Mrs. J. V. Mercer on Wednesday,
April 20, at 2 p.m. A paper will be
given on Education and Better Schools
by Mrs. Nels White.

Miss Florence and Earl Harwood
are clever young stock exchange-
men and were suitably rewarded by selling
a very promising call for a fancy
price at the Calgary Stock Show.

Mrs. G. H. Patrick, who accompanied
Miss Page to Shanty Bay, Ontario, is
one of the guests of Mr. Patrick at
Strathmore.

C. A. Lythall sang that old favorite,
"The Bells," in excellent voice, at the
service in the United Church on Sun-
day evening.

Rev. J. T. Smith, Rector of St.
Michael's and All Angels Church, ac-
companied by Mrs. Smith and their
son, "Pat," will leave Strathmore for
Carleton Place, during the evening ser-
vice, Easter Sunday, where they will take
the last bound trip, enroute to Eas-
ton.

Ray Prince and family will occupy
the home of Maxey Harold Bell.

LEARN ART IN STRATHMORE

On account of receiving many requests to start
art classes in Strathmore, we have decided to offer
such an opportunity of Strathmore, and
district. Both children and adults will be coached
carefully in all branches of Commercial Art, illus-
trating and Painting.

We will supply all material at cost, and will
assist in every way to assure your progress. Rates
reasonable. All interested please make appointment
to view art subjects and illustrations, and have course
fully explained. We invite your inspection, and you
will be under no obligation.

A very successful meeting, under the
auspices of the Sunrise Junior U.F.A.,
was held at the home of Mrs. Warwick.
There was a good attendance of mem-
bers and visitors. The Provincial
President, Mr. Charles Mills, was pres-
ent, and gave an interesting address
on "The Aim of the Junior U.F.A.,
a Whole." After the business of the
meeting, we spent an enjoyable even-
ing with cards, etc. A delicious sup-
per was served by the hostess.

The Town of Hirth River is offer-
ing to supply, free, Russian poplar
trees to all property owners who will
plant them on boulevards according
to town regulations. This might be a
good suggestion for Councilor Sam-
uels to bring before the Council, and
endeavour to investigate a few extra dol-
lars into the pocket for park purposes.

W. G. Kayser is quite proud of him-
self when he views the new pavilion
that the City Council have erected, and
also thinks of the new blood that is
joining the team this year. Prospects
are very encouraging for the present
year.

John H. Cope is in town, making the
last of his annual tour to the various
towns of the Town of Strathmore.
Last year he was Secretary-Treasurer
of a club, which neither he nor the club
are quite happy, and hopes are cir-
culated that possibly it may be re-
covered.

At the Farmers' Meet, March 2nd,
a demonstration is being given this
week of Home Pickles for sandwiches,
fillings, come with their famous
pickles, come with their famous
pickles, and others present. Mr. Day is local
agent for these famous pickles, and
will take his time.

Harold Time Dance will be given
Monday, April 18th, in the
Memorial Hall, under auspices of the
Women's Institute. Supper, including
dance, 11.00 per couple. Prizes will
be given for the ladies and gents in
costume, and also the prize best hard
time costume. Good music will be
furnished.

At a meeting of the Ladies Club
held Monday evening in the Town Hall,
the following officers for the year were
elected: President, Mrs. Van
Tassell; Vice-President, Mrs. T. Cham-
berlain; Secretary-Treasurer, Miss R.
Barton; Captain, Mrs. Hildy; Vice-
captain, Mrs. McPherson; Convenor
of entertainment committee, Mrs.
Whitehead and Mrs. T. Wright.
Mrs. E. Whitehead, President for 1926,
presided at the meeting.

The friends of Mrs. Gibson, of the
Royal Bank staff are extending their
sincere sympathy to her for her recent
bereavement, in the death of her
father, which took place at Toronto.

ROCKYFORD

Several people from here visited Calgary to attend the Gonoliers, and The Yeoman of the Guard. All report having a thoroughly enjoyable time.

Don't forget the dance on Easter Monday. This dance will be under the auspices of the Catholic Women's League, and you are therefore certain of a most enjoyable time.

Mr. Katterhagen was a visitor to Calgary on business.

T. Uwin attended the Vimy Dinner at Strathmore on Friday, and Calgary on Saturday, and is now recuperating.

We saw Skinner teaching Bussy to drive the truck.

The Garner boys overhauling the hay rake.

Mr. A. B. McGuire and family, and Mr. A. H. Erwell visited Calgary on Sunday.

Mr. Thompson and Mr. Kerr have arrived in Rockyford to join the staff of the Canadian Bank of Commerce.

Mr. Marshall, the teller in the Rockyford Bank has been transferred to Crossfield.

Don't forget the pantry sale at Poole's Hardware on April 16th.

On April 16th and 18th, the Rockyford Pharmacy is giving away a 50c bottle of perfume with every cash purchase of 50c or over.

The Town Council are contemplating a program of tree planting for the village. They have ordered a number of Ash seedlings, and Poplar cuttings, and are planning a tree belt around the town. All property owners should assist in the program and help make the town beautiful, also make some shade to keep the streets cool on our eyes. See the Reeve, C. H. Ward for pointers and supplies.

Annual Board meeting of the United Church was held at Crowfoot School on Friday, April 8th. Details of meeting later.

Ladies Aid, of Rockyford United Church held an annual meeting and election of officers, the following being elected for the coming year: President, Mrs. G. Pomroy; Treasurer, Mrs. W. Gillespie; Secretary, Mrs. C. A. Smith.

A full report of last year's meeting was heard from Mrs. T. H. Birn, Mrs. Acton and others, and if the new year brings forth as much results as the past, everyone should be well satisfied.

Committees of M. D. Graywood held a road meeting at Strathmore last Monday evening. Mr. P. H. Langensfelder was appointed to the important position of Road Commissioner for the Municipality.

SHORTY SAYS — !!
RALPH KNIGHTS language when he raised the two foot putt on the golf links was heard by Mrs. Knight at their ranch. HARVEY KATTERHAGEN has a new Man Farm Tractor with headlights. Harvey must be expecting to work days and nights now.

FRANK MERKEL making Poster take a back seat on his winter predicament. AMBROSE WISE teaching Jim Howell the rudiments of farming, while not engaged in looking after his youngest daughter. FRANK CURRAN celebrating Vimy Ridge in true western style. JOE McBERTH coming into town as a full fledged farmer. Hoot most of DORRIS away looking for a coon.

We do not know whether for himself or his men. BILL RUDD qualifying as a game hunter, and preferring to ride in his own car these days. SHERMAN HOVEY has placed a new heater in his sedan, claiming winter is still here. LEO STYNN returned from hospital, where he and his own foot doctored up. No more horse feet for Leo. The STYNN BROS. are doing a new Studebaker car would be worth while. PHIL LING — CL. ED has been appointed Master of Public Works for the Municipality of Crowfoot. Do we address you as Honorable Sir, now PHIL? RALPH STYNN busting the boys up on the renovating job of the new addition to the hotel.

STANDARD

There was a fine attendance at the Langensfelder Theatre last week to see Colleen Moore in "Irene". It was thoroughly appreciated, and next week's picture promises to be just as good. We are very glad that the management is showing such fine picture now, and we assure them that everyone in the district is thoroughly enjoying them.

Mrs. E. A. Wagler returned from Calgary on Wednesday. We are glad to say that Miss Audrey Wagler is making satisfactory progress after her operation.

Farmers in the Standard district are very enthusiastic over tractor displays on farm work. Another carload of seven John Deere machines was unloaded here last week, and there are more to come. It speaks well for the prosperity of the community when so many can afford to buy the engines at this season of the year.

Mrs. C. P. Dahl and Mrs. H. Muir were housewives on Friday evening when they entertained about twenty-five friends at Mrs. Muir's beautiful new home. Bridge was the order of the evening. Mrs. Knowlton and Mr. A. L. Williams carried off the prizes for high scores. Before leaving, a delicious supper was served, to which Baster favors lent an added charm.

NAMAKA

The annual meeting of the Ladies Aid took place at the 1049 Hall on April 7th. The officers for the coming year were elected as follows: President, Mrs. James McBean; Vice-president, Mrs. Woster; Mrs. Allison and Mrs. Shawalter were re-elected by acclamation to hold the offices of Secretary and Treasurer respectively. The committees appointed by the new president were as follows: Executive—Mrs. Johnson, Mrs. F. Wheeler, and Mrs. C. Watt; Social and Program—Mrs. Jack McLean and Mrs. Baker; Sift Committee—Mrs. F. Watts and Mrs. A. Montgomery. The next meeting will be at the home of Mrs. James McBean the second Thursday of May.

Mr. Carl Jones left Monday for Hays after spending a month in town as agent for the Revistole Lumber Co.

Mr. C. G. Swain has arrived at Namaka to take the duties of night operator at the C.P.R. depot.

The Farmer's Orchestra from Namaka will be on the radio from 10 to 12 Saturday night, broadcasting from the new Calgary station C.J.C.B.

LANGDON

At a baseball meeting held last week, the following officers were elected: President, S. J. Scott; Manager, A. E. Webb; Secretary-Treasurer, D. Patterson.

Mrs. G. L. Buntala was a Calgary visitor from Wednesday to Friday.

The Ladies Aid of the United Church is having a bazaar and home-cooking sale in the W. J. Rooms Saturday afternoon, April 16th. Tea will be served. Fish ponds will be an attraction for the children.

BAINTREE

BAINTREE COMMUNITY CLUB

Mrs. Harry Porteous entertained the Baintree Community Club last Thursday afternoon. The ladies have postponed their sale of home cooking in Rockyford until April 30th, as it was found that a sale had already been arranged for on the same date by local women. The Baintree sale will now be held in the Poole Hardware store on the last Saturday of this month.

Mr. A. Rochon has kindly given the club permission to use his barn for an old time dance, which will probably take place toward the end of May.

Mrs. P. J. Lyons is arranging some vaudeville acts for the entertainment of the dancers, so the club hopes to make their barn dance one of the outstanding events of the season.

In the drawing for the ten prize Miss Mae Longbottom was the lucky lady, but as she had won the last two prizes, she insisted upon a second drawing, which gave the prize to Mrs. Porteous.

After the business meeting the ladies enjoyed the usual social hour, and the daily refreshments Mrs. Porteous served. The club is invited to meet at the home of Mrs. Ed. Ross on April 21st.

"MEN'S BETTER WEAR"

WHITE SOX NOT PENNANT POSSIBILITY

CHICAGO—The Chicago White Sox look neither better nor worse than last year, and their position in the pennant race largely depends upon what the other clubs do, which means they are not going to move up any and may drop a notch. Ray Schalk was a smart catcher in his day, but he hasn't shown that he has any particular managerial ability. Ted policy of Charles Comiskey—expecting a manager to take a lot of them athletes and make pennant winners out of them—is too well known to expect anything out of the ordinary under Schalk, no matter how good a pilot he is.

In the infield slowly as first and Kamm as third are likely fixtures. The ancient Peckinpugh has been brought in to play short. In his day, Peck had few peers, but his under-pinnings are shaky and he may leave the Sox without a shortage just as they have left when Scott could not make the grade. Bess and Hattie are all that remain if he falls down. In the outfield, a fair second baseman, and Ward, who sat on the bench most of the time with the Yankees last year, will fight it out for second, with a youngster named Way out of the picture. Cuddy admitted under study Shesly at first. It is a good infield at the two extreme corners—not so good in the middle.

The defection of Moeil brings the outfield below last year's par. Paik and Barrett will hold down two of the positions, Boon and Moore for what is left. Boon can hit, but there has showed up his legs and there will be a lot of flies falling into his territory. Moore, a youngster, is a better fielder, but shy on hitting. Faber, getting old. Lyons and Kishenbaugh are the best of the hold-over players. Comiskey undoubtedly will be used mostly as relief. There is shown some promise last year Jacoby, with the Cubs once, and Cole, formerly of Detroit, are attempting come-backs, but they are only fair. Of the recruits, Brown looks the best

and may win himself a place. Barbo, H. Blackburn, Adkins and four other others seeking a berth, with their chances in the order named. It is doubtful if Schalk will do much of the catching this season. He probably will come across as first-string catcher to do most of the work behind the plate, while Bess and McGarry will furnish the relief.

Still, place looks like the best the Sox can aspire to and if either St. Louis or Boston show marked improvement, they may be forced to be content with an even lower position.

GOLF

Much enthusiasm prevails, and from present prospects, the membership this year will exceed that of 1926 by a considerable margin.

The course has been burned recently, and the better portions have good results to show for their efforts. The work of filling badger and deeper holes will likely be completed this week, and the next week on the program is to make a start at beautifying the course by planting from forty to fifty trees of various kinds at selected spots and places close to the fairways.

The course is in splendid playing condition, and last week and now close to forty players enjoying themselves.

CAN TILDEN COME BACK?

Tilden, the tall fellow who was forced to watch a couple of energetic Frenchmen make the finals of the American amateur tennis tournament of 1926, both indoor and outdoor, all foreign affairs, because he twisted his knee in the early rounds of one match and because he wasn't good enough to play part of the other, is going to regain his court leadership this year in the opinion of the "Big Bill" fans of the game. Big Bill won the outdoor championship all by himself last six campaigns before he was stopped, and he has been out in on

BRITISH GOLFERS COMING TO AMERICA

LONDON N. Eng.—The Professional Golfers Association of England has appointed James H. H. Taylor and Harry Vardon to select a team of golf professionals to represent the British Isles in an international match with America, and to compete in the United States Open championship.

A formidable team was chosen, and it will leave these shores about the last week in May, and will arrive in good time to put in an appearance on the Belmont course, Pennsylvania, on June 12.

It is understood that the Britons will not be asked to take part in the qualifying competitions. The team chosen represents the cream of professional golfers, and is:

Anthony Dooner, Archie Compston, George Duncan, Arthur Havers, Abe Mitchell, Ted Ray, Fred Robson, George A. Whitcombe.

Eight of them will represent Great Britain in the international match. Last year, it will be remembered, each country was represented by ten professionals, and England gained an overwhelming victory.

The date of the international match has not yet been fixed, but it is likely to take place on Saturday, June 11, on the Canadian course. The British team will return in time to take part in the British Open championship at St. Andrews on July 11.

Owing to the system of sectional qualifying, which was in operation last year in connection with the open golf championship in England proving unsatisfactory, important changes have been made in connection with this year's event. Instead of the sectional rounds the qualifying rounds will be held at St. Andrews on July 11 and 12, and all those tying for the 100th place will be eligible. The amateur championship will be decided at Holyrood on May 23.

No British entrant shall be eligible to compete unless in receipt of a national overseas competition must enter through the recognized authority controlling golf in the country from which they elect to enter.

CANADIAN JOCKEY TEA PARTY

SAN DIEGO, Calif.—Jockey O'Neil Lumsden "threw" a jockey party at Tilden, following his winning with Sir Harry in the Cofroth, which in point of "flavor" and citizenship rivaled even the far famed Earl Carroll and his belching band. Seventeen riders were present, everybody who rode in the Cofroth, with the exception of George Fields. To open the feast and subsequent ceremonies, which were of old length and variety, Lumsden made a speech which in point of brevity as well as eloquence was a gem.

"Boys, this is a lousier dollar party," said the freckle-faced Canadian. "We're going to eat and drink up a thousand dollars' worth before we leave."

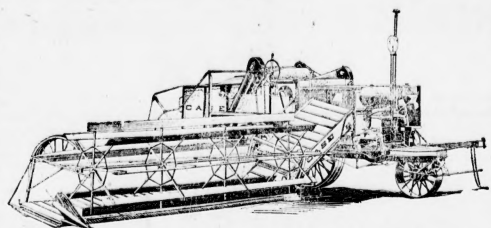

All hands then fell to. Into the brew they dived. But to the utmost chagrin of these little men, as they might, they were unable to drink up more than \$275 worth of the splendid banquet. The next morning they broke up a couple of cases of champagne on the floor and called it a day. King Kelly says he wishes he had trained to be a jockey.

four national doubles titles since 1915, receiving more or less aid (generally less) from another athlete in the two-man competition.

It can be said that someone told Tilden that as an actor he is a good tennis player, for Big Bill labored under the impression for several years that he had dramatic ability and tendencies, or it can be said that Big Bill is feeling better or maybe it can be attributed to still another reason, but anyway, Tilden's game is much better this year. This spring he has won three tournaments: the Florida State, the South Florida and the South-eastern.

While Tilden has been excelling about Florida, winning tournaments from what must be admitted to be rather mediocre competition, the Frenchmen have arrived in New York and already have made a laudable showing in an international match against a rather unrepresentative team superior in kind of France.

Sam. At least two-thirds of the French delegation have arrived. The advance guard includes M. Jean Boron and M. Jean Jacques Bugues. If Tilden doesn't turn the tide of victory to this side of the Atlantic, no one will doubt that Big Bill there is Little Bill Johnston, a good player who has a chance for coming out second. Adams, who again over-defect the third best Frenchman, the host of boys too young like Jim Weil and Wilfred Gardner, several men too old like Rexall Rod, and that's all.

First White Man's Music in Canada

A musical sensation on a scale never before attempted in the city of Quebec will be held at the Chateau Frontenac, from May 20 to 22. The Festival, which will combine folk-songs and handicraft indigenous to the Province of Quebec, is unique in character, since it is the first time a folk-song festival has been staged anywhere in America in its nature setting with handicraft. The National Museum of Canada, in operation with the Canadian Pacific Railway, is organizing this festival on a very comprehensive scale.

Among the artists who will interpret the folk-songs are J. Campbell McFadden, of Toronto, who has been principal soloist with the Philadelphians, Chicago and Cleveland Orchestras, and Charles Marchand, well-known "chammanier" of Montreal, who has toured both Canada and the United States. Also, Dr. Ernest MacMillan, director of the Toronto Conservatory of Music, Dr. Hopley Wilkin, Canadian composer, and Oscar D'Hein of Montreal, who have composed harmonizations of melodies and arrangements for strings, especially for the Festival.

Choral renderings by various choirs of some of the native folk-songs will be given by the Chanteurs de Saint-Dominique de Quebec, one of the most famous choirs in French Canada. The Harpists, choir will sing a fully choral High Gregorian Mass on the morning of May 21. Outstanding among the women artists to take part are Mademoiselle Jeanne Dussseau and Mademoiselle Juliette Gauthier de la Verendrye, who is an ardent lover of folk-song and an interpreter of the same in many languages, is a soprano of the Chicago Opera Association. Mile. Gauthier de la Verendrye, a descendant of the explorer, Pierre Gauthier de la Verendrye, sang in the Boston Opera house devoting herself to the study of folk-song. She has learned the Eskimo language in order to sing Eskimo folk-songs, and is also familiar with many Indian dialects.

A large number of leading musicians, folklore and handicraft enthusiasts from all parts of Canada and the United States will attend the Festival, which is regarded as the musical sensation of the year.

SUGGEST STORAGE PLANTS IN WEST

AS MARKETING AID

VANCOUVER—While price control and cold storage facilities will go further than anything else in putting British Columbia's agricultural inquiries on a satisfactory financial basis, according to an important report presented to the provincial government by Markets Commissioner J. A. Grant, whose territory is the prairies.

According to Mr. Grant, reckless price cuttings and uncontrolled ship ments on consignment, together with the lack of adequate storage equipment, form the two greatest difficulties facing producers in this province.

Need Cold Storage

The marketing system at the disposal of British Columbia horticulturists is one of the chief reasons why the producers of this province have been obliged to play second fiddle to Washington and California on the prairie market, in Mr. Grant's opinion.

The Grant report states that cold storage facilities in prairie centres are adequate for more fruit than is offered for storage, but the lack of orderly marketing of the crop prevents the use of such facilities. Shippers, desiring to get immediate returns, force the market at unprofitable prices.

May Name Duncan

The difficulties of the present situation are expected to be largely cleared up with the appointment of the committee that is to administer the

new marketing control legislation passed at the recent legislature. The appointments to this committee, which will have a membership of three, will be made shortly. Lewis Duncan, Toronto lawyer, who was in charge of the investigation into the Nash fruit combine, is mentioned among the possible appointees. The job will carry a salary of about \$7,500 a year, and if Mr. Duncan is named he will act as chairman. He is expected, the office may go to someone interested in fruit organization work on the Niagara peninsula or in some other eastern field. It is unlikely that a British Columbian will be named, as the government is determined to avoid making an appointment that could be construed as showing preference towards one or the other factions involved in the fruit marketing situation.

A NOTABLE GATHERING

What was described by Hon. Geo. Howland, Alberta Minister of Agriculture, as the greatest event in the livestock history of Canada, took place in Calgary on Wednesday evening, when at a banquet provided by the Calgary exhibitors' board, livestock men from all over the dominion, together with other notable men in the world of life, were present. It was probably the greatest gathering of its kind ever held. Among the prominent guests present were Lieut. Governor Robert, Hon. Dr. Tomin, former federal minister of agriculture, R. J. Speer, president Winnipeg livestock

exchange, S. W. Rowley, assistant general manager, Canadian Bank of Commerce, Hon. Duncan Marshall, former Alberta minister of agriculture, officials of departments of agriculture and livestock associations throughout the dominion.

MEDICINE HAT CONVENTION

By MRS. IRVAY, Strathmore

More than one hundred of Alberta's wide awake W. I. members attended the convention held in Medicine Hat.

The convention was opened over by Mrs. Lynch-Stanigan. She welcomed the delegates on behalf of the city. The meeting was held in the Council Chamber, and generous quantities of carnations were supplied by the flower power Co.

Mrs. Hayes, Provincial President; Miss MacMillan, of the Home Bureau of Agriculture, Edmonton; and Mrs. Cunningham, President of the local W. I., were introduced to the delegates by the chairman.

A very interesting paper on "The Housewife" was read by Mrs. Lynch-Stanigan. A very good paper was given by Mrs. Dawson, of Queensown, on "Candorization," in which she stressed the importance of the household cleaning, which they plan to combine on July 1st.

An interesting paper by Canon Middleton, on "The Indian" will be published in next issue.

Referring to the clinic for outlying districts, Mrs. MacMillan said that many were interested to write Hon. G. Howland, or to Miss Clark, Supr. of Public Health in Edmonton, for further particulars.

Space forbids printing Mrs. MacMillan's article in full. Mrs. Irving, Provincial President, gave a very interesting detailed report of the world-wide success of the W. I. movement.

Mrs. Greenwood urged support of the Girls' Clubs, and this was strongly endorsed by Miss Noble.

It was decided that the convention next year would be held in Lethbridge. Constituency convokers gave highly interesting reports, beginning with Mrs. Grant, convoker of Calgary and Charlton, followed by Mrs. Ritchey, of Warner, with members numbering 17, besides girls' clubs, and many timely suggestions were made for the work of W. I. branches.

Every woman in the district gave closest attention to Mrs. Lomas, of Lethbridge, spoke on the vital problems of immigration and colonization. Mrs. Lomas described the transformation which has taken place through the Lethbridge, Northern, Vanhail, and Brooks irrigation systems. Smaller farms and diversified farming was urged, and a liberal zoning policy for S. E. Alberta. Better understanding means greater success and there is wonderful progress ahead.

Child welfare and public health was another subject ably handled by Mrs. F. Staples, of Bandies. The council chamber was packed at the evening session of the W. I. convention last night, when a very interesting program was presented. Mrs. MacMillan, of the Home Bureau of Agriculture, gave an address on the University of Hard Knocks sounded in numerous vein, but packed with sound common sense nevertheless, and Rev. Canon Middleton, of Cardston, dealt with the history of the Blood Indians, their viewpoints and their aspirations for the future in a very capable fashion. Mr. N. M. Waldo, chairman of the Chamber of Commerce, extended very cordial greetings from that organization and wished the W. I. every success in its work. Mrs. Lynch-Stanigan, of Lethbridge, occupied the chair.

Mr. Waldo. During the evening piano solos were given by Miss Morrison, Mrs. Charles Murray gave an exhibition of club singing with Miss Ellis Howard at the piano, and Mrs. Hatch accompanied by Miss Hatch, rendered selections on the solo.

extending greetings from the Chamber of Commerce. The Chamber, like the W. I., was working for the community and in their work they tried to take as broad and wide a view as possible for the community in directing their efforts for the common good. He referred briefly to the good accomplished by the local organization and complimented the delegates upon the beautiful results of their cooperative efforts. It was a splendid thing, he thought, for the women of the country and of the towns to get together, exchanging ideas, developing sociability, good will and social and economic betterment. "There read be some means of spreading sound information as exactly what you are doing. On behalf of the Chamber of Commerce I wish you every success in your work."

I am afraid that when we leave here we shall all be spoiled, we have been treated so well," said Mrs. Lynch-Stanigan. "We certainly have a warm up in our hearts for Medicine Hat, and cordially wish the city and district every success and prosperity."

Mrs. MacMillan said that Mrs. Howland on Monday had fully expected to come to Medicine Hat and speak at the convention. He had since phoned her to express his regret that pressure of other duties prevented him from coming here, and to tell the delegates how sorry he was that he could not be present. Mrs. MacMillan also had a message from Mrs. Rogers, wishing the convention every success.

She would have her address upon a pamphlet "It's up to you," one of a series of tracts by Lord Point, explained Mrs. MacMillan. The pamphlet dealt with the University of Hard Knocks, which means black and blue, and a college yet to be opened, university that we were all passing through and one common to us all. With a glass slide containing black and white values Mrs. MacMillan demonstrated that no matter how they were shaken up the white and black ways come in the top. "That is what happens to us, do we come to the top or do we go to the bottom?" she asked.

In these days when the gap is so wide between parents and children, we get a lot of assistance from the University of Hard Knocks in bringing them together. From history we learn that the older generation has always considered that the young people are taking the broad path and going down to destruction. Gifts have said that owing to the way we have raised one or two generations and for that reason adjustment is no easy as in previous generations. In addition Judge Lindsay has pointed out that the coming generations arrive at economic independence earlier. "Have we the courage to learn from the University of Hard Knocks, or are we going to set upon the old way of hard luck? The Dean of Westminster when in Edmonton with the boys of the University of Hard Knocks, we have no serious problems in life if we study them through as they arise."

The morning was largely taken up with the submission of reports from the various constituencies presented by the convokers, as follows: Fisher, Mrs. Powelson; Cardston, Mrs. Heathershaw; Medicine Hat, Mrs. Holder; Shaw, Picher Creek and Rocky Mountain, Mrs. G. Hamilton; Bow Valley, Mrs. Tuttle; Macleod and Carleton Place, Mrs. Mulholland; Little Bow, Mrs. Alcock. The wide range of interests of the W. I. and the good work that is being done in the coun-

try districts was well brought out in the reports of the convokers.

In a paper on Education sent in by Mrs. Taylor, of New Brighton, she urged the fullest consideration of the present school system, followed by constructive criticism. She pointed out that to obtain the best results, home training and the co-operation of the parents was needed in addition to the training received at the school. Short cuts for the busy farm women during the hot weather were outlined by Mrs. A. T. Martin, of Vulcan, in a paper on the home economics contest. She explained the importance of good food and advised on the use of such conveniences as the coal oil stove, the fireless cooker and other labor-saving devices for the kitchen.

Afternoon Session Following the trip round the industries, the delegates returned to the City Hall. Mrs. Paul, of Blackie, spoke of the beautifying of the farm home with trees, shrubs and flowers, detailing the many benefits that followed in the train of the effort to make of the farm a real home. There was no valid reason, she thought, why the "little red schoolhouse" too should not be painted, repaired and its surroundings beautified at but little expense to the taxpayers. Let us live up to our motto this year, "more shrubs, trees and flowers for Alberta." Mrs. Martin reported on the (Dr. Price) Nursing Station at Medicine Hat, and gave an account of the fine work done at the Baby Clinic here, and of the follow up visits, thus keeping in touch with the children until they were of school age. She extended to the delegates an invitation from Mrs. Lomas to visit the clinic.

Endorse Resolutions The following resolutions were then submitted by the Resolution Committee, all of which were endorsed. We pray that the amendment to the Mothers' Allowance Act as laid before the government in January of this year receive immediate consideration as we believe that a woman with a totally disabled husband deserves equal treatment with the widow; also under the present act the allowance passes to the youngest child attaining the age of sixteen years. We urge that it be possible for a boy or girl at that tender age to earn enough to be of much help to either themselves or the parent.

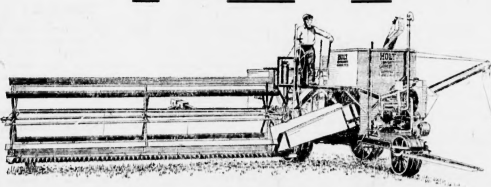

Whereas during the past few years there has been an influx of Hutterite colonies into Southern Alberta and they have secured special privileges from the Department of Education; and whereas they have refused to take the responsibilities of citizenship; be it resolved that we strenuously protest the granting of any special privileges to these people and protest the withdrawal of our lands from present constituted school districts. It was explained when this resolution was read that there was no criticism of the Hutterites or the Department of Education.

It was thought unwise, as they were living in colonies and segregated from their Canadian neighbors, and were not subject to Canadian influences, to grant them special concessions that tended to keep them alone.

old dad, your a bit premature, don't
you know, with the spring idea. Come
around again in a month. Her encore
"Inventor's Wife" tickled my risibilia.
Now, on the surprise—eyes were rub-
led and doggerels raised when Sally
Wright's trip to the front and
chance everyone with her sweet
and personality in receding "One
through the Roses". This was Miss
Wright's first appearance on any
stage. We have it on good authority
that she is billed as prima donna in
the next revue. There has been quite
an agitation against in class of en-
tertainment, but the girls of the
perpetrate action is demanded to stem
the flow of any more like the show
that composed the "Click-Caboo". First
time since the Theatre. The English alone
was enough to warrant deportation, and
as for their bees and bays, where did
they get them? They must have
been in the army; but in our army,
they would have been shot in the rear. I
leaved a sigh when their eyes ceased
twinkling, and the girls of the
brought to a successful termination
by a conscripted action by the tour de
force. Any more and Victor Mac-
Harg would have to "squeeze the
bag" and escape a retreat. Not men-
tioned in dispatches, but holding the
old front line. The Warrent Matron
driving, and the time has
and eyes from all and sundry. Call
out the guards! Also Joe Vreuch,
senior, acting like a pro. The girls
After receding the surprise attack
the gathering made an onslaught at
gaming, music being generously given
by members of the Elks orchestra.
The old timers had to have their flag,
and even enough Sy and Hlek, Com-
rades Brenner and F. Anderson, had
them treating on the another's tree,
and looting it up.

Two ask again found our attack
unsuccessful on all fronts. The last
division of Bell Cars were decisively
defeated, ten army corps of Happiness
captured. Our troops are consolidated,
well-motivated, and resting on their
lamps after a glorious victory.
